To Our Residents,

Welcome to Naval Base San Diego (NBSD)! With more than 35,000 military and civilian employees coming aboard daily, NBSD is home to over 57 Navy and Coast Guard ships and 150 tenant commands. Since 1922, the base has grown to include four parcels of land – NBSD proper, the downtown Broadway Complex, Naval Medical Center San Diego (NMCSD) Complex, and the Murphy Canyon Recreation Center. Our mission is to deliver the highest standard of support and quality of life services for the Fleet, Family, and Fighter.

I encourage you to take advantage of the outstanding Morale, Welfare and Recreation (MWR) and other quality of life programs available at NBSD. If you have special interests, chances are those interests may be accommodated either on this base or within a short distance either by car or using San Diego's excellent public transit system of trolleys and buses.

I welcome any suggestions or comments you have for improving our facilities or our programs. You may address your comments any time through your chain of command or the Unaccompanied Housing staff.

This is your new home. Please take pride in it and respect the rights of other residents to a private, restful, safe, and healthy environment. Your cooperation in maintaining your quarters and their present high standards is greatly appreciated.

I hope you enjoy your time here at NBSD. "Welcome Aboard!"

Very respectfully,

F. C. Jones
Captain, U.S. Navy
Commanding Officer

The condition and inventory of room items are the responsibility of the occupant(s) and monitored by the Building Manager. The occupant and the Building Manager will conduct a thorough inspection to document any damages or discrepancies, no matter how minor, prior to move in date.

An inspection form will be provided by the Front Desk for use during your check-in process. If check-in is after normal working hours on a weekend, or holiday, when the Building Manager is unavailable, the member will report to the Building Manager on the next business day for inspection and indoctrination.

■ CHECKOUT

Checking out requires the inspection and accountability of all items in the room. If items are not accounted for or are found damaged during check out inspection, and were not annotated on the check-in inspection sheet, the occupant will be required to pay.

Checkout inspections will only be conducted Mon-Fri 7:30 am-4 pm. An exception will be made if you show proof of your flight itinerary stating that you must leave during off-duty hours or on a holiday.

■ FINAL INSPECTION

A final inspection is performed to determine if the discrepancies identified during the check out process were corrected prior to vacating government quarters (see page 6).
